Silikal Floors—the ideal floor covering for the baking industry!

Hygienic, durable, seamless and installed “over night” – Silikal Floors are the ideal basis for bakeries, confectionary shops and the baked goods industry – for new construction and renovation projects.

Clean, safe, fast and app

Completed overnight: seamless and hygi

Skillfully applied by qualified installers and the new floor is fully cured and ready for action within two hours. A perfect way to keep your operation running wide open.

Fantastic when a floor is still “in good shape” even when under constant strain. When being used professionally for baking cakes and breads, for example, when producing fresh tarts non-stop or when selling oven-fresh rolls. Silikal’s reaction resin for floor coating has proven itself to be the ideal match each step along the way. Extremely durable, seamless, hygienic and installed

within a matter of hours, it offers the best basic conditions for even the most trying circumstances.

Silikal floor coatings are non-slip (slip-resistance rating R 9 to R 13) and resistant to acids, lye, grease, salts and other aggressive substances. Their compact surfaces assure cleanliness that is easy to maintain, their “ingre-
